The screenshot shows the '教材上傳' (Course Upload) interface. At the top right, it indicates '已使用' (Used) storage space in GB. Below this, a teal bar states '上傳檔案(檔案限制: 256M)' (Upload files (file limit: 256M)). The main area is titled '多檔上傳介面' (Multi-file upload interface). It contains a '操作說明' (Operation instructions) section with two buttons: '+ 步驟1: 選擇檔案' (Step 1: Select files) and '步驟2: 開始上傳' (Step 2: Start upload). To the right of this section is a dashed box labeled '拖曳上傳區' (Drag and drop upload area), which is circled in orange. Below this is a progress bar for '上傳檔案的總進度' (Total upload progress) and a table for '上傳檔案列表與進度' (Upload file list and progress). The table has columns for '序號' (Serial number), '檔案名稱' (File name), '檔案大小(KB)' (File size (KB)), '上傳進度' (Upload progress), and '動作' (Action). Below the table, it shows '總上傳檔案大小: 0 KB' (Total upload file size: 0 KB). A teal bar at the bottom of the main area says '上傳Zip壓縮檔並解開(英文檔名限定)' (Upload Zip compressed files and unzip (English file names only)). Below this is a file selection area with a '瀏覽...' (Browse...) button and an '上傳壓縮檔' (Upload compressed file) button. At the bottom, there are two buttons: '教材資源庫' (Course resource library) and 'Web資料夾' (Web folder).
